Best Molecular Biology Scientists in United Kingdom

The 2nd edition of Research.com ranking of the best scientists in the arena of Molecular Biology relies os data consolidated from various data sources including OpenAlex and CrossRef. The bibliometric data for evaluating the citation-based metrics were gathered on 21-12-2022. Position in the ranking is based on a scholar's D-index (Discipline H-index), which includes exclusively papers and citation values for an examined discipline.
